PUBLIC PARTICIPATION/INVOLVEMENT OF STAKEHOLDERS

The PFM Act 2012, County Government Act, 2012 and Article 201 of the Constitution of Kenya calls for openness, accountability and public participation in financial matters. Further, Section 117 of the PFM Act, 2012 obligates the County Treasury to take into account views of among others, the public and interested persons/groups in preparing the CFSP which informs the Budget estimates. Public participation provides an all-inclusive platform for identifying and prioritizing Government projects and activities under the budgeting process by stakeholders and the general public.

The County in the process of preparing the CFSP 2026, held public hearings from 26th– 30th January 2026 on the County Sectoral budget proposals and recommendations for the 2026/2027-2027/2028 MTEF period. A total of 1,246 participants took part in the Sectoral Hearings. Of this, 656 were youth representing 53 percent while 51 participants were Persons with Disability. The fora agreed with the policies and programmes enumerated by the Sectors albeit with a few alterations in various areas of consideration.

The County pursuant to provisions of Nakuru County Revenue Allocation (Amendment) Act, 2024 invited residents of Nakuru between 7th – 10th April, 2026 to take part in the budgeting process by giving proposals on priority projects at the Ward level to be implemented during FY2026/2027. However, Kapkures ward public participation was postponed to 22nd April, 2026 after residents wanted clarification on change of their projects in the supplementary addressed before proposing new projects.

A total of 6,494 persons was registered as participants, of whom 4,064 were male and 2,430 were female. Further analysis reveals, 124 participants were Persons with Disability, 2,166 were youths and 4,328 were persons aged above 36yrs. There is a positive growth of 32 percent in overall attendance as compared to last financial year which registered a total of 4929.

Detailed public participation report on preparation of CFSP 2026 with regard to County Sectoral budget proposals/recommendations for the 2026/2027 and on identification of ward-based projects for FY 2026/2027 are available. The available budget for consideration for ward-based projects was KShs. 1.70 billion.

The estimates of the amount required in the year ending 30th June 2027 for salaries and expenses and Capital expenses of the Office of The Governor and Deputy Governor including Administration, planning and Support Services, Management of County Affairs and Coordination and Supervisory Services.

Part A. Vision

A leading sector in public policy formulation, co-ordination, supervision, legislation and resource management.

Part B. Mission

To provide overall leadership and policy direction in resource mobilization management and accountability for quality service delivery.

Part C. Strategic Objective

Strategic Goal

To ensure a cohesive and industrialized County.

Strategic Objectives

- Provide leadership in the County governance and development.
- Provide leadership to the County Executive Committee and administration based on the County policies and plan.
- Provide good governance, unity and cohesion within the County.
- Promote peace and order within the County.
- Promote competitiveness of the County.
- Enhance accountability in the management and use of County resources.
- Promote and facilitate citizens participation in the development of policies, plan and delivery of services in the County.

Part D. Performance Overview and Background for Programmes

Mandate

The Office of the Governor and Deputy Governor Department draws its mandate from the Constitution of Kenya, 2010, the County Government Act, 2012. The Department plays an important role in providing overall leadership in the development and implementation of County policies, County's governance and development. The Executive also represents the

County in National/International fora, signs County Bills to Laws and also Governor's Warrant which allows money to be drawn from County Revenue Fund as per PFM Regulations, 2015. The Department is responsible for resource organization, management and accountability in a bid to enhance the provision of quality service delivery.

Expenditure trends

The expenditure trend over the three financial years shows a gradual decline in both approved budget allocations and actual expenditure. In FY 2022/23, the programme had an approved budget of Ksh 607,330,092 and recorded actual expenditure of Ksh 478,677,484, representing a budget absorption rate of 79 percent. In FY 2023/24, the approved budget reduced to Ksh 486,171,148, while actual expenditure stood at Ksh 412,863,479, resulting in an improved absorption rate of 85 percent. This reflects relatively efficient utilization of the allocated resources during the year. However, in FY 2024/25, the approved budget further declined to Ksh 374,154,237, with actual expenditure dropping to Ksh 252,821,163, yielding a lower absorption rate of 68 percent. The overall pattern therefore points to shrinking resource allocations over time, accompanied by fluctuating absorption levels, with the strongest performance recorded in FY 2023/24 and a notable slowdown in FY 2024/25.

Achievements

During the period under review the subsector

- Performance contracts for the FY 2023/24 FY 2024/25 and FY 2025/2026 were Prepared Signed between H.E the Governor and CECMs/Chair of boards. The same was cascaded to chief officers, accounting officers of county government entities, and directors.
- The Sub Sector organized and held Annual Statutory cabinet sittings averaging 21 per annum across the 3 fiscal years during which matters affecting the County were discussed as is required by law.
- The governor delivered 2 Annual state of the County Addresses before the County Assembly Complement.
- Achieved 100% completion of the Milimani Office (Nonresidential) complex.
- The Governor's Office successfully assented 3 bills into Law (Nakuru County Valuation and Rating Act of 2024, Nakuru County Finance Act 2023 and the Nakuru County Alcoholic Drinks control regulations) against a planned target of 7 bills.
- Connected Africa Summit (CAS) 2025 on May 26th to 29th; The World Chambers Federation (WCF) Africa Summit from April 9th to 11th; and the Right Here, Right Now Global Climate Summit held on June 5th.
- Participated and led a county wide citizen perception survey in collaboration with The **New Partnership for Africa's Development (NEPAD)** on the efficacy if public service delivery.

Constraints and challenges in implementing the budget

- **Inadequate Funding:** The Sub Sector suffers from insufficient funding. With its role as the County's coordinator, many programs are underfunded. A revision of the CRA's set ceiling is necessary to reflect the Sub Sector's responsibilities.
- **Litigations:** Recent court cases against the County, often ruled in favor of the plaintiffs, have led to unforeseen expenses, diverting funds from other programs.
- **Pending Bills:** The County faces a significant backlog of unpaid bills. Steps are being taken to audit and clear these bills, but this diverts funds from development initiatives.

Major services/Outputs expected to be achieved in the MTEF Period 2026/2027-2028/2029).

The medium-term focus of the Sub-Sector will be on consolidating governance reforms, fully operationalizing executive infrastructure at the Milimani Complex, strengthening disaster preparedness and response, modernizing executive management systems through the e-Cabinet management System, enhancing delivery and monitoring mechanisms at sub-county and ward levels, and deepening intergovernmental and citizen engagement. These interventions are expected to improve coordination, decision-making, accountability, and overall effectiveness of county service delivery.

Programme	Objective

Public Finance Management	To promote prudent financial management and internal controls for effective and efficient service delivery by all County Government entities.
Economic and Financial Policy Formulation and Management	To provide a framework for the formulation, analysis and management of economic plans and policies for the maintenance of macroeconomic stability and accelerated growth

Part D. Performance Overview and Background for Programmes

The County Treasury is established under the PFM Act, 2012 and is responsible for coordinating county budgeting, managing public finances and economic affairs, mobilising resources, overseeing public debt, preparing financial statements, safeguarding public assets, and guiding financial and economic policy implementation.

During the previous MTEF period, the Department received allocations of KSh 1.98 billion in FY 2022/23, KSh 2.9 billion in FY 2023/24 and KSh 2.3 billion in FY 2024/25. Actual expenditure amounted to KSh 1.5 billion, KSh 2.1 billion and KSh 1.8 billion respectively, translating to budget absorption rates of 76 percent, 76 percent and 77 percent. This reflects fairly stable implementation despite fiscal and operational pressures.

Achievements were recorded in institutional strengthening, infrastructure, revenue mobilisation and planning. The County Treasury Office Block reached 90 percent completion. Human resource capacity improved through recruitment of 41 staff, promotion of 51 officers and training of 193 officers, while performance contracting and staff appraisal recorded about 76 percent implementation. The Treasury also prepared and submitted key statutory budget documents within timelines. Own Source Revenue rose from about KSh 3.3 billion in FY 2023/24 to KSh 3.6 billion in FY 2024/25, while KSh 140 million in pending bills was settled and verification of historical claims strengthened. In planning and coordination, the Department prepared key plans, progress reports and quarterly M&E reports on time, undertook sector impact surveys, and advanced digitisation of the County Information and Documentation Centre to support evidence-based planning and budgeting.

Despite these gains, the sub-sector faced challenges including civil unrest and changing national policy and reform requirements, all which affected expenditure patterns and revenue performance. Internally, the Department faced inadequate resources relative to its mandate, persistent pending bills, incomplete asset registers, weak enforcement in some revenue streams, ICT disruptions, an ageing workforce, slow replacement of key staff and the lack of a fully functional Audit Committee.

During the MTEF period 2026/27–2028/29, the County Treasury will focus on completing and operationalising the Treasury Office Block, strengthening public finance management systems, improving revenue mapping, automation and enforcement, consolidating asset management, rolling out accrual accounting, and deepening planning, statistics, and monitoring and evaluation functions. To address the identified gaps, the sub-sector will prioritise operationalisation of the County Audit Committee, stricter commitment controls, structured settlement of verified pending bills, accelerated revenue reforms, and implementation of a succession and staff capacity-building plan. The Department will also strengthen collaboration with the National Treasury and development partners and channel limited resources towards high-impact, legally mandated and revenue-enhancing interventions.

Constraints/Challenges

- 1) Inadequate human resource officers; this leads to delays in processing departmental requests on human resource matters thus overworking the few HR officers leading to burn out.
- 2) Huge capacity gaps in the departmental HR hence unable to adequately process HR matters
- 3) Inadequate means of transport leading to the constrained mobility of the Board; the Board is therefore not able to move to all levels of staffs at their work stations to sensitize, promote and evaluate the values and principles articulated in Articles 10 & 232 of the CoK.
- 4) Budget constraints that hinder the effective implementation of the Board's mandate, including formulation of various HR instruments, promotion and evaluation of principles and values.
- 5) Bulky recruitment and promotion process as the services are not automated; leads to the process being lengthy, tedious and prone to errors during data entry.
- 6) Lengthy procurement process leading to delays in acquisition of goods and services, and also resulting in delayed payments leading to accumulation of pending bills hence affecting subsequent budget.
- 7) Delays in departments making their requisitions for recruitment and promotion of staff leading to unfinished processes at the close of Financial year.
- 8) Inadequate office space leading to overcrowding of the few available space leading to poor working environment, thus low productivity.
- 9) Lack of tools and skills to interview persons with special needs.

Expenditure trends

The approved budgets for FYs 2022/23, 2023/24, and 2024/25 were Kshs. 1,638,835,960, Kshs. 2,074,107,999, and Kshs. 2,408,591,754, respectively, against actual expenditures of Kshs. 892,187,854, Kshs. 1,169,861,110, and Kshs. 921,438,752. This represented budget execution rates of 54%, 56%, and 38% for the respective financial years. The relatively low absorption rates were primarily attributed to delays in exchequer releases, which affected the timely implementation and completion of planned projects.

Major achievements based on planned outputs for the previous funding period

In the MTEF period 2022/23-2024/25, the County Government of Nakuru made significant progress in implementing its infrastructure development agenda. Some of the key cumulative development achievements included the following:

- Under contracted works, a total of 1,545.58 km of roads were graded against a cumulative target of 1,800 km, representing an achievement rate of approximately 86%.
- For graveling under contracted works, 789.70 km were completed against a cumulative target of 1,300 km, translating to about 61% achievement, with several works still ongoing.
- Through the Imarisha Barabara program, 1,797.94 km of roads were graded against a cumulative target of 2,400 km, achieving 75%, attributed to enhanced implementation efficiency and increased local participation.
- Similarly, 328.11 km of roads were graveled under the Imarisha Barabara initiative against a cumulative target of 1,000 km, achieving 33%, with performance steadily improving each year.
- 39 motorable and footbridges constructed against a cumulative target of 53 (~74% achievement).
- 169.1 km of drainage maintained and 18.8 km of new drainage constructed, with additional works ongoing.
- 88 boda-boda sheds constructed against a target of 50 (~176% achievement).
- All Bills of Quantities (BQs) prepared as requested (100% achievement).
- All county vehicles, plants, and equipment maintained and operational (100% achievement).
- 1,551 streetlights installed against 1,680 target (~92% achievement).
- Streetlight maintenance coverage improved to 90% in FY 2024/25.
- Feasibility study on transition to solar lighting completed in FY 2023/24 with actionable recommendations.

Constraints and challenges in implementing the budget

- Inadequate staff to undertake all the mandates of the department effectively.

- Adverse weather conditions have led to delays in project implementation.
- Inadequate number of supervision vehicles, which hampers the mobility of technical staff to reach different project sites in a timely and efficient manner.
- High power bills in street lighting with inadequate budget
- Inadequate budget allocation for the purchase of street light maintenance materials and equipment.
- Vandalism and damage of streetlight by vehicles and natural calamities e.g. floods, strong winds.
- Inadequate budgetary provisions for fuel and maintenance of machinery/equipment
- Inadequate machinery/equipment to effectively rehabilitate roads under the Imarisha Barabara Programme.
- Encroachment of utilities e.g power lines on road reserve which requires relocation which results in delays in the implementation of projects.
- Lack of a maintenance budget for road projects which has resulted in the deterioration of most implemented infrastructure projects.

Major Services/Outputs expected to be achieved in the MTEF Period 2026/2027-2028/2029

In the 2026/27-2028/29 MTEF period, the sub-sector will implement two programmes: 1: Administration, personnel and financial services, 2: Infrastructure, Development and maintenance. Some of the key priorities for the planned period include:

- Training, recruiting, and promoting a total number of 175, 30 and 34 staff respectively.
- Tarmac a total of 21 Km of new road networks, grade 1350 Km and gravel 960 Km of roads;
- Construct 19 footbridges, 56 Km of new drainage network and maintain 42 Km of existing drainages;
- Rehabilitate 6 bus parks; construct 6 new bus parks and 55 bodaboda sheds;
- Purchase a hydraulic vehicle;
- Increase the proportion of solar streetlights installed by 25 per cent

However, with the approval of the CIDP, the office of the county attorney reviewed its three programmes to only two, one being administration and planning and the other being the core mandate of acting as the principal legal advisor to the county executive. In terms of performance the following were realized.

The office of the County Attorney has the core mandate of provision of legal services to the County Government of Nakuru. The office is established under the office of the County Attorney Act no 14 of 2020 and clearly spells out the mandate of the office as;

During the FY 2022/23, the OCA had a total allocation of Ksh. 207,900,000 (Supp II). However, total expenditure by the close of the FY was 120,761,725. This reflects a budget 58.1 percent. The bulk of this expenditure was towards settlement of legal pending bills. During the FY 2023/24, the OCA had a total allocation of Ksh. 60,829,307 (Supp II). However, total expenditure by the close of the FY was Ksh. 33,361,132. This reflects a budget absorption rate of 54.8 percent. During FY 2024/25 Actual approved budget was Ksh. 67,361,886 (Supp I). However Actual; Expenditure was Ksh 27,781,694 reflecting a budget absorption rate of 51.6 percent. The general declining trend in budget absorption has been occasioned by delays in approval of supplementary budget, issuance of AIEs and release of funds to the exchequer affecting overall budget performance in the previous MTEF period.

Major Achievement based on planned output

During the period under review,

- i. During the period under review, 567 cases (36 in FY 2023/24) were litigated and successfully concluded. By the close of the Fourth quarter of FY 2024/25 additional 287 closed were cases, 5 cases were dismissed and 21 were concluded, 1 resolved through ADR Only one cases was resolved outside court revealing a serious gap in implementation of ADR/AJS in the county.

Constraints and challenges in implementing the budget

Key emerging issues, constraints and challenges associated with budget implementations included a growing number of litigations against the county government, inadequate budgetary allocation, inadequate legal personnel, lack of a legal library and weak adoption of ADR/AJS mechanisms. Others include inadequate technical personnel in comparison to the case load leading to a surge in Legal bills, inadequate facilitation of technical officers, and weak compliance with legal, policy and regulatory frameworks by county departments and agencies.

Major services/Outputs expected to be achieved in the MTEF Period 2025/2026-2027/2028

Expenditure trends

The sub-sector had an approved budget of Ksh.850,729, 206. 00 in FY 2022/23, Ksh.482, 942,134.00 in FY 2023/24 and Ksh.149, 395,824 in FY 2024/25. The subsequent reduction in allocation in the subsequent financial years is due to the absence of KUSP I funding that ended in July, 2023, which significantly affected the rate of infrastructural development in the city, because of low rate of equitable share allocation. The overall expenditure in FY 2022/23 was Ksh. 587,770,847.00, Ksh. 388,645,307.58 in FY 2023/24 and Ksh. 90,205,840 in FY 2024/25. To enhance the productivity of micro, small, and medium enterprises (MSMEs), the County funded 1010 beneficiaries and approved Ksh16.1 million under the County SME Fund (Wezesha programme), three MSMEs received training, two market linkages and partnerships were established, and one interactive sensitization forum was conducted. Further, six markets were constructed and five rehabilitated.

Constraints and Challenges encountered during budget implementation

- Emergence of new technology in weighing and measuring instruments e.g. KOKO gas dispenser
- Inadequate number of technical staff.
- Prohibitive schemes of service that limits opportunities for staff career advancement that has resulted in diminished motivation among employees.

- Inadequate funding has had an adverse impact on the successful execution of programs.
- The proliferation of substandard, counterfeit, and contraband products infiltrating the local market has significantly diminished the market share of domestically manufactured goods. This has had an adverse effect on local industrial growth, innovation, and government revenue.
- Prolonged delays in the procurement process have led to delayed contract awards, thereby impeding the timely completion of projects within the current fiscal year.
- Governance challenge in some co-operatives affecting their performance
- Ineffective management of market utilities by market management committee
- Lack of public land for the construction of an art centre

Major Outputs expected to be achieved in the MTEF period 2026/2027- 2028/2029

Over the medium-term period FY 2026/27–2028/29, the Department will focus on strengthening institutional capacity and improving service delivery across all programmes. Key targets include full implementation of the Strategic Plan, sustained quarterly monitoring and evaluation, continued office renovations and acquisition of vehicles, alongside progressive staff recruitment, training and promotions. Growth and sustainability of co-operatives will be enhanced through revival of societies, increased value addition support, strengthened partnerships and a steady rise in co-operative turnover, SACCO product diversification and access to finance. Governance and compliance will be reinforced through expanded trainings, audits, inspections, digitalization of operations and increased participation of women, youth and persons with disabilities in leadership, while housing and investment co-operatives will record increased capital bases and investment levels.

During the same period, the Department will enhance enterprise development, market access and consumer protection by expanding MSME trainings, consultative forums, SME fund sensitization and funding, strengthening Business Producer Groups through value addition and marketing linkages, and holding annual trade exhibitions. Industrialization efforts will prioritize completion and operationalization of industrial parks, aggregation centres, business incubation facilities and cottage industry initiatives, alongside stronger regulation of gaming activities. Market development targets include annual rehabilitation, construction and digitization of markets, full implementation of the Market Policy and improved engagement with market operators. Tourism promotion will focus on activating tourism sites, promoting tourism products, hosting events and increasing visibility through promotional materials and digital platforms. Alcoholic drinks control will emphasize compliance, inspections and rehabilitation referrals, while management of the County Bus Terminus will strengthen operational efficiency through stakeholder sensitization, training and customer satisfaction mechanisms. Cultural heritage promotion will prioritize policy implementation, establishment of cultural centres, training and funding of artists, documentation of indigenous knowledge and preservation of heritage sites to support cultural diversity and creative livelihoods.

Mandate

Lands, Physical Planning, Housing & Urban Development sub sector is divided into two Directorates namely; Land and Physical Planning directorate and the Housing & Urban Development directorate. Its mandate as per Executive order number one (1) of 2023 is to;

- i. Manage land policy
- ii. Undertake land use planning and development control
- iii. Manage land transactions, survey and mapping
- iv. Conduct land valuation
- v. Develop and implement Housing Policy
- vi. Develop and manage County affordable Housing
- vii. Develop Urban infrastructure

- viii. Maintain County Estate inventory.
- ix. Develop and implement urban planning & related policies
- x. Support governance and management of urban institutions
- xi. Undertake land titling programmes

Expenditure Trends

The subsector was allocated Ksh 769,576,887 in FY 2022/23, Ksh 791,033,793 in FY 2023/24, and Ksh 1,222,951,245 in FY 2024/25, against which expenditures of Ksh 146,605,725, Ksh 359,146,242, and Ksh 489,411,499 were recorded, respectively. This resulted in overall budget absorption rates of 19.1 percent in FY 2022/23, 45 percent in FY 2023/24, and 40 percent in FY 2024/25. Recurrent expenditure absorption remained stable at 79 percent in FY 2022/23 and FY 2023/24 before declining to 57 percent in FY 2024/25 due to delays in fund releases. Development expenditure absorption improved steadily over the period, rising from 21.8 percent in FY 2022/23 to 35 percent in FY 2023/24 and 37 percent in FY 2024/25, indicating enhanced utilization of development funds.

Own Source Revenue

Revenue collections increased from Ksh 505.68 million in FY 2022/23 to Ksh 521.68 million in FY 2023/24, and further to Ksh 522.84 million in FY 2024/25. Cumulatively, the department collected Ksh 1.55 billion over the MTEF 2022/23-2024/25 period, reflecting relatively stable revenue growth and sustained revenue mobilization efforts.

Pending Bills

Total pending bills declined steadily from Ksh 94.89 million in FY 2022/23 to Ksh 57.29 million in FY 2023/24 and further to Ksh 39.84 million in FY 2024/25, reflecting improved expenditure control and settlement of outstanding obligations. This improvement was largely driven by a significant reduction in development-related pending bills, which fell from Ksh 69.15 million in FY 2022/23 to Ksh 2.61 million in FY 2024/25, indicating enhanced project and contract management. However, recurrent pending bills, after declining from Ksh 25.75 million in FY 2022/23 to Ksh 16.87 million in FY 2023/24, rose sharply to Ksh 37.23 million in FY 2024/25, underscoring the need to strengthen cash flow planning, commitment controls, and timely settlement of recurrent expenditures.

Programme Achievements

During the MTEF period 2022/23-2024/25, the subsector laid focus on the achievement of key projects such as planning of centers, survey of centers, promotion of alternative dispute resolution (ADR) mechanism, implementation of the Kenya Urban Support Programme (KUSP) II, implementation of Kenya Informal Settlements Improvement Programme (KISIP) II,

rehabilitation of County housing units and the transfer of Appropriate Building Materials technology (ABMT).

Constraints and Challenges

The subsector continues to face a number of challenges which among others include; outdated and inconsistent policy and legal frameworks, inadequate technical staffing, lack of land ownership documentation, urban sprawl and proliferation of informal settlements, increased rural–urban migration, low public awareness of land laws, encroachment on public land, interference in management of county estates, insufficient budgetary allocations, and prolonged land disputes & litigations, all of which continue to hamper efficient service delivery and sustainable urban development.

MTEF period 2026/27-2028/29 planned outputs

Over the MTEF period 2026/27–2028/29, the subsector’s total resource requirement is projected to rise from Ksh 716.48 million to Ksh 866.93 million. The subsector will prioritize completion and operationalization of the Land Information Management System to enhance the security of land records, improve service delivery, and reduce the cost and time associated with land transactions. Key interventions will include planning and surveying of urban centres and county estates, procurement of modern survey equipment, updating of the county public land inventory, and institutionalization of alternative dispute resolution mechanisms for land dispute management. In addition, the subsector will digitize all land records, streamline online processing of development applications, and fully operationalize the County GIS laboratory to strengthen geospatial planning and management of county land resources.

During the MTEF 2022/2023-2024/2025, the sector updated 70% of its asset register, rehabilitated the boardroom, trained 17 staff, promoted 52 staff, engaged 490 casual labourers annually and recruited 19 staff. Additionally, the sector adopted both Integrated Solid Waste Management Model and Circular Economy towards successful management of solid waste. The Sector grew 1,771,356 trees and enhanced rehabilitation of open spaces and County parks in collaboration with partners. Regular monitoring of water, air, land, noise and excessive vibration pollution and other nuisances was enhanced through establishment of Enforcement and Compliance Unit at the Environment Headquarters. By the end of FY 2024/25, 48 FLLoCA projects had been implemented. Of these projects 8 are within the agriculture sector, 15 are in the environment sector and 25 are in the water Sector. These projects have benefitted a record of 153,850 people (60,891 male and 92,959 female). Among the beneficiaries are 71,398 youth and 3,682 PWD. During the MTEF 2022/2023-2024/2025, the Sector drilled 72 boreholes, rehabilitated 367 projects, equipped 61 water projects with solar, desilted 4 dams/ pans, constructed 2 new water pans through FLLoCA and protected 15 springs. Implementation of the stated water projects resulted in increased water production by 4,267.5m³ /day and increased coverage by 3.11% equating to 19,159

households. The Sector constructed 4 sewerage extensions and connected 252 households to the sewer network.

✓ **The following were some of the constraints and challenges encountered during budget implementation:**

- Delays in exchequer releases: Late releases from the exchequer hinder project and program execution, affecting service delivery.
- Insufficient technical staff to fulfill the sector's responsibilities, including guiding communities in project identification during public participation in budgeting. This leads to challenges such as low budgetary allocation to implement projects to completion stage, identification of projects without availability of public land for implementation etc.
- Insufficient funding for departmental programmes. There has been a backlog of investments into the sector creating a challenge for the county as development of key infrastructure has to be carried forward to the next financial year due to budgetary constraints.
- Continued degradation of environment and her resources through logging, excessive charcoal burning and over exploitation of fragile ecosystems
- Harsh climatic conditions which have hampered sustainability of tree growing exercise and has affected the availability of both surface and ground water sources.
- Insufficient natural resources database/ inventory
- Lengthy statutory regulations before necessary documents are obtained such as EIA/ESIA/ and WRA Assessment.
- Land issues: Insufficient funds to purchase land for expansion or relocation space of water, sewerage, and solid waste management facilities coupled with land ownership issues such as grabbing, encroachment, conflicts etc has affected implementation of the Sector programs.
- Inadequate working equipment and tools
- Increased energy costs: due to unforeseen inflation in energy bills in water companies and community led projects, the cost of provision of potable water has significantly increased.

✓ **Major Outputs expected to be achieved in the MTEF period 2026/2027- 2028/2029 include:**

During the MTEF period 2026/2027- 2028/2029, the Sector has prioritized rehabilitation of the Department headquarter offices, training of 90 staff, promotion of 160 staff and recruitment/replacement of 30 staff. The Sector also targets to purchase borehole drilling casings, gravel packing materials, drilling rig tools, associated accessories so as to achieve drilling a target of 45 boreholes. The Sector will solarize 60 boreholes, desilt 3 dams, construct 360 KM pipeline extension, rehabilitate 24 water projects and equip 75 water systems with

tanks, pumps, motors, etc. The sector aims to hand over 15 community managed water projects to registered WSP's. The Sector will as well construct 3 sewerage extensions which will ensure connection of 300 new households to the sewer network.

Additionally, the Sector aims to conduct 33 environmental education and awareness workshops, annually desilt 2700m³ storm water retention pond, formulate Nakuru County e-waste management policy/ regulation, purchase/ fabricate 1 waste compactor truck, purchase 1 waste management bulldozer, 15 skip bins, 55 litter bins and 55 waste trolleys. The Sector also targets to secure/ rehabilitate 5 disposal sites, operationalize Gilgil material recovery facility and purchase 5 acres for a material recovery facility in Subukia. The Sector will also ensure rehabilitation and maintenance of green spaces, increase tree coverage by 2625ha by the end of FY 2028/29 and implement 90 ward climate change projects under FLLoCA programme. More details on the Sector's targets are in part E below.

Major achievements based on planned outputs for the previous funding period

During the period under review six sub-county offices were constructed and equipped including Rongai, Mauche, Kiptororo and Subukia among other. Administration of the comprehensive insurance medical cover was accessible to all county employees.

In order to enhance efficiency in the management of the human resource, Human Resource Management Information System (HRMIS) was achieved at 90 Percent.

Additionally, In the MTEF period under review; the number of staff trained was 192 against a target of 681, representing 28.19% achievement. The number of employees promoted were 363 against a target of 546 representing 66.5% achievement. 2273 of disasters were responded to, which included house fire incidents, rescue missions, road accidents, and flooding incidents. The number of public participation forums conducted was 269 against a target of 121, this represented 222.31% achievement. Constraints and challenges in implementing the budget

- Increased cases of Natural and manmade calamities e.g. Elnino and Mai Mahiu Floods
- National policies like SHIF, Housing levy, Recruitment freeze and New NSSF
- Inadequate budgetary allocation. This limits the implementation of projects and overall service delivery. Further limited budget causes stalling of projects, non-purchase of motor vehicles
- Delayed disbursement of funds. This affects the departments capacity to effectively implement projects and supervision hence negatively affects service delivery.
- Delayed procurement process. Late initiation of procurement processes due to centralization of procurement.
- Delayed project implementation. Ineffective contract management leads to delayed project execution. Absence of strict punitive measures for non-compliance allows contractors to evade accountability leading to delayed project implementation.

Major services/Outputs expected to be achieved in the MTEF Period 2026/2027-2028/2029

The priority is strengthening administrative capacity and improving accessibility of public services through enhanced logistics, asset management, and reporting systems. Key focus areas include the progressive acquisition of county vehicles and motorcycles to support service delivery. The programme also prioritizes improved county asset management through valuation, tagging, and staff training, targeting full asset tagging and 95% asset valuation by 2028/29. In addition, sustaining quarterly monitoring and evaluation reporting remains a constant priority to support evidence-based decision-making. At the sub-county and ward

level, the construction and equipping of administrative offices continues to be prioritized to decentralize services and enhance citizen access across all wards.

The priority of the County Civic Education and Public Participation Programme is to institutionalize civic education and deepen citizen engagement in governance and policy processes. The key priority of the Human Resource and Performance Management Programme is to enhance employee productivity through improved training, welfare, records management, and performance systems. The priority for the Disaster Management and Humanitarian Assistance Programme is to enhance disaster preparedness, response capacity, and humanitarian support systems. Key focus areas include gradual recruitment of firefighters and drivers, acquisition of specialized equipment such as fire engines, water bowsers, rapid response vehicles, and extraction tools, and provision of uniforms to operational staff.

Embracing technology, the sector will partner with development stakeholders and partners such as EIDU to integrate ICT into ECD, fostering enhanced teaching and learning experiences. Strengthening the workforce, additional ECD teachers will be recruited to support early learners effectively. Additionally, the disbursement of bursaries will provide vital financial assistance to needy students.

Part D. Performance Overview and Background for Programmes

The mandates of the Municipality are provided for by the Municipal Charter based on (UACA, 2019), County Governments Act 2012 and County Government of Nakuru Bylaws. The County Executive delegated the following mandates to the Municipal Board of Gilgil:

1. Development Control

- ✓ Development surveillance and compliance;
- ✓ Outdoor advertisement control

2. Solid Waste management

- ✓ Cleansing functions;
- ✓ Oversight and enforcement of service providers on municipal solid waste collections;
- ✓ Management of Public Open Spaces (POS) including parks, gardens, squares, boulevards, streets and footpaths and children's playgrounds, within the municipal boundaries.

3. On-street parking

- ✓ Delineation of parking spaces and improving infrastructure of the parking spaces;
- ✓ Oversight and enforcement of service providers on parking services, within the municipal boundaries.

Expenditure trends

The Municipality's budget allocation for the FY 2024/25 was Ksh. 48,247,492. By the end of the review period, total expenditures in the sub-sector amounted to Ksh. 4,503,692, translating to a budget execution rate of 9%. This low execution rate was primarily due to delays in the release of funds and late approval of supplementary budget which slowed procurement process hence delaying project implementation and processing of payments.

Pending Bills

As at the end of FY 2024/2025, Gilgil municipality recorded pending bills amounting to Ksh. 269,480. This was mainly attributed to delayed disbursement of funds from the County Treasury and delay in approval of supplementary budget.

Major achievements based on planned outputs for the previous funding period

During the MTEF period from 2022/23 to 2024/25, Gilgil Municipality focused on enhancing the efficiency and effectiveness of its operations. By the end of the financial year 2024/25, the municipality achieved several accomplishments:

Under Administration and Planning, the rehabilitation of municipal offices achieved full implementation in FY 2024/25, and a total of 6 office furniture items were procured against a target of 10. Municipal governance improved significantly, with 11 board meetings held against a cumulative target of 12. In personnel services, the Municipality successfully appointed a substantive Municipal Manager and seconded 5 staff members, meeting and surpassing the recruitment target of 4. Two staff members also received training out of the planned 12.

Within Gilgil Municipal Services, progress was modest due to limited allocations. Under infrastructure development, works commenced on the cabro paving of 100 parking slots, and installations of 5 solar streetlights are underway.

Constraints and Challenges in implementing the budget

- Lack of adequate human resources to manage the affairs of the Municipality effectively.
- Lack of enough office space to accommodate all critical staff
- Inadequate office furniture and equipment for all critical staff
- Security concerns around the office space
- Low budgetary allocation which hindered implementation of development projects

Major services/Outputs expected to be achieved in the MTEF Period 2026/2027-2028/2029

In the MTEF Period 2026/2027-2028/2029, the municipality tends to undertake key development priorities which include: construction of storm water drainage network within Gilgil town, installation of solar streetlights, installation of litter bins within the municipality, rehabilitation of green spaces, maintenance of drainage system, rehabilitation of social hall, marking of national celebrations and conducting 12 public participations fora.
